COOKS

professional

INTRODUCTION

Congratulations!

You have made an excellent choice with the purchase of this quality Cooks Professional product.

By doing so you now have the assurance and peace of mind which comes from purchasing a product that has been manufactured to the highest standards, performance and safety.

We want you to be completely satisfied with your purchase, so this Cooks Professional product is backed by our comprehensive manufacturer's guarantee and an outstanding after sales service through our dedicated Customer Care team.

We hope you enjoy using your product for many years to come.

Other colours available.

- To clean, simply wipe with a damp cloth, but do not wash the outside of the dustbin lid with excessive liquid as it is equipped with electronic components.
- Do not press down on the lid of the dustbin when it is opening.
- Avoid direct sunlight to the infrared panel.
- Do not allow children to play with this product. This is not a toy.
- Replacement of batteries must be done by an adult.
- Keep batteries out of the reach of children.
- Do not mix old and new batteries. Mixing old and new batteries could cause leakage of caustic acid that could cause skin burns and damage materials it contacts.
- Do not mix standard and rechargeable batteries.
- Only batteries of equivalent type are to be used.
- When installing batteries, observe correct polarity.
- Wear gloves and use caution when removing leaking batteries.
- When disposing of the batteries please ensure they are correctly recycled at your local recycling centre.
- Not suitable for commercial purposes.

BATTERY INSTALLATION

Use good quality AA Alkaline Batteries only

1. Open the battery compartment in the dustbin lid and insert 6 x AA batteries (not included), making sure you observe the correct polarities.
2. Replace the battery cover, ensure it is securely fitted.
3. Turn the power on with the switch on the back of the lid.

HOW TO USE THE SENSOR BIN

1. Line the top bin compartment with a 50-litre refuse sack.
2. When you want to throw something away hover your hand above the lid (approx. 15cm) it will automatically open. The lid will automatically close after 5 seconds of inactivity. If you wish to manually open the bin, simply press the button on the top of the bin.
3. If you wish to add the additional bin to the top section, simply insert the divider and place the bin into position.
4. The lower draw holds two separate bins for ease of use for recycling, this door is opened manually.

SAFETY CAUTIONS

Before using, please carefully read the safety checkpoints.

CAUTION

1. Not be washed with water because the electric and electronic components in the product can be cleaned by wet wipers on its surface.
2. Avoid direct casting of sunshine on the induction receiver window.
3. During the open-up process of the cover, don't press the cover with force.
4. Dismantling, repair and alteration of the product are absolutely banned.
5. When battery is going to be replaced, please change with 6 new one in same time.
6. Don't put anything on the dustbin cover.

BIN COMPOSITION

No.	Designation	Commentary
1	Cover	Automatic or semi-automatic induction opening
2	Induction window and lid opening/closing buttons	Automatic or manual open / close function
3	Removable inner bin 4 liters (Optional)	Provided with a lid + bag attachment ring, fits in the visible opening support of the lid, used for household
4	Removable inner bottom bin 25 liters	Manuel access, with handle
5	Removable tray separator	Choice to fix it into the top or the bottom 30 liters inner bin.
6	Bin body	
7	Sliding drawer on wheels	

USE INSTRUCTIONS

1. Open the battery cover at the bottom of the lid and insert 6 size AA batteries according to the correct polarities, then close the battery cover.
2. Turn on the power switch on the rear cover.
3. When you need to throw the garbage out, simply hover your hand above the lid within 15 cm and it will open. The lid will soft-close after 5 seconds of inactivity. The cover will keep open, if your hand or object stays in the induction area.
4. To deal with the frequent switch of the dustbin, press the « open » button at the induction window to keep the lid open. Press the « close » button to close the lid and then the circuit resumes its automatic induction function.
5. Pull the inner bottom bin to deposit the recycled waste there. The inner top bin is used for non-recycled households wastes.
6. We advise the use of 50 liters bin liners regarding health issue and bad smell.

Available to purchase are our bespoke Biodegradable Bins Bags, check your retailer website for availability or buy direct from Cooks Professional:

Cooks Professional Biodegradable Bin Bags | 45-48L

Biodegradable and Compostable: Made from plant based materials, these bags break down naturally, offering an eco-friendly alternative to plastic and helping reduce waste.
